Reading Time: 1 min

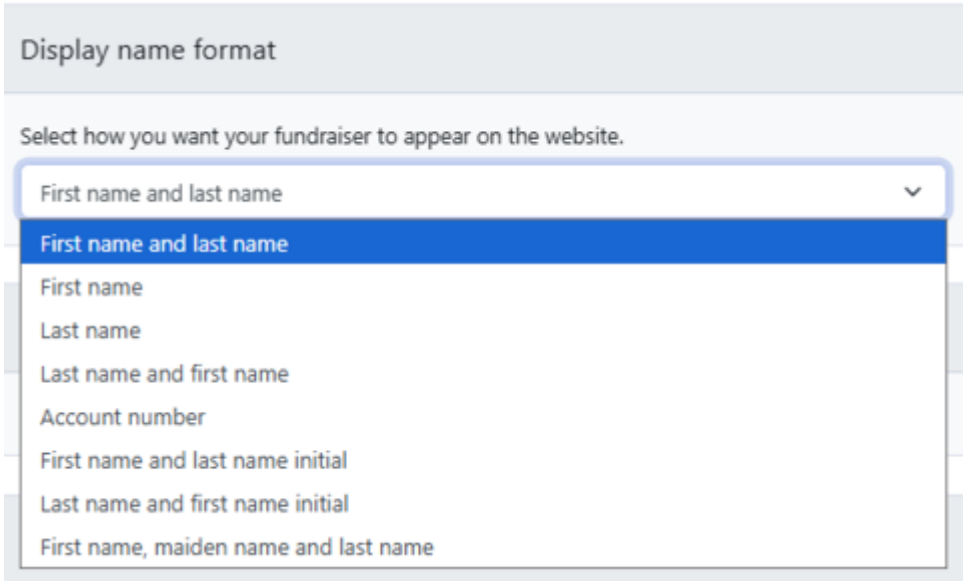

To accommodate different preferences and levels of privacy, MyFunRun offers various options for displaying the names of fundraisers on your website.

You can choose: first name only, first name with last initial only, full name, account number only, and more.

To change the setting, go to **Site Builder → Settings → Fundraisers**, look for the option "**Display name format**".

The following are the available options for the name format.

Display name format
Select how you want your fundraiser to appear on the website.
First name and last name
